

Buurtwerk, VluchtelingenWerk and Stichting Attanmia are working together to help you find your way in Rotterdam! On January the first 2016 the project 'Basis op Orde' started to help newcomers find their place in Rotterdam and ease their integration into Rotterdam. Newcomers that moved to Rotterdam, in 2016 and later, are given a helping hand to ease their integration into Dutch society.

What we can do for you and your family

Do you need information?

Our information sessions are about 'how it works' in Rotterdam and the Netherlands in general:

- Culture, norms and values, rights and obligations;
- School/education system in the Netherlands for children and adults;
- Information for (small) groups and communities, which can be joined by anyone of your network;
- In the form of theatre we show differences in culture, habits, norms and values. We also try to give information in your language;
- Feel free to walk into our office at Hammerstraat 51, 3036MC Rotterdam from Monday to Thursday.

Want to get to know people?

Buurtwerk brings you in contact with people in Rotterdam who like to show you around the city.

For example by:

- Getting to know your neighbourhood;
- Meeting neighbours and other people from Rotterdam;
- Help you or your children to join sports clubs or cultural activities;
- Visiting the library or similar events.

This way you also practice the Dutch language!

Do you have talents with which you like to contribute to your neighbourhood? Buurtwerk brings you in contact with residents, so you can share and develop your talents.
